Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The Examiner and the Applicant's representatives, Christopher and Tomothy Maier, discussed several issues. The first being the 112 1st objection referencing notification of shipment prior to receiving the package at the receiving site. The limitation will be amended to read wherein a transaction identifier alerts the return center that the pre-paid package has arrived at the return center. The Applicant's representatives proposed additional limitations to further clarifying the invention. The decision was reached that the Examiner would discuss and review the proposed amendments with his Supervisory Patent Examiner and notify them of the results of the discussion. .
